

REIWA Fully Funded Scholarships Curtin Ignition 2017 Background and Eligibility

Innovation generally refers to changing how you do things, by creating more effective and dynamic processes, products and ideas to improve your existing services.

REIWA believes in innovation, new methods, ideas and products to help create better ways to do business. And because innovation is a crucial part of the continuing success of any organisation and industry, REIWA is proud to announce our sponsorship of two scholarships of Curtin Ignition. REIWA supports Curtin Ignition through the funding of two scholarships for those who seek to progress an idea within the real estate industry.

We are particularly interested in applications from innovative entrepreneurs and start-ups, who are highly motivated and forward thinking, with ideas and new ways to inspire the real estate industry. For example, ideas to help save time and money, or deliver a competitive advantage, or to grow and adapt a business in the marketplace.

Ignition is an intensive 5½-day education program for aspiring entrepreneurs, academics and corporate innovators to trial and prepare their business ideas for the commercial environment.

Ignition is open to anyone with a business idea, research project or early stage business venture that could become a high growth business. Applications from new and aspiring entrepreneurs with limited experience of starting a business, are encouraged to apply. Passion and ambition to take ideas forward and 'make it happen' are highly important attributes for success at Ignition.

The REIWA scholarships are for WA residents only.

Applicants must be prepared to commit one full week of their time to an intensive and results-focused program. Fluency in spoken and written English is essential.
