### Close of conference

**6.00 – 8.00 pm Curtin Law School Eminent Speakers Event**

Delegates are welcome to attend the Curtin Law School Eminent Speakers Event – The Dynamics of Enduring Property Relationships and network with members of the Perth legal profession. The event will take place at the Curtin Law School, 57 Murray Street, Perth.
This all-day workshop is intended to provide space for discussing the important and contentious issues raised by contemporary multi-owned properties. There will be invited contributions from leading academics from a range of disciplines, as well as from decision-makers (tribunal and mediation) and law reformers. The themes of the workshop will be drawn from the key ideas of the Dynamics of Enduring Property Relations, presented at the Australasian Property Law Teachers Conference by Sarah Blandy, Susan Bright and Sarah Nield on the 27th of September 2017.

- Failure of law to acknowledge shared property rights and responsibilities – potential solutions through legislation and discretionary decision-making;
- Inadequate information about shared property rights and responsibilities provided to (and understanding by) purchasers and tenants;
- Issues of power and control exercised by developers, property managers, and office-holders in homeowner organisations; factors which assist or detract from the development of community amongst residents
- factors which assist or detract from the development of community amongst residents;
- recognition of changes over time, particularly the rules and norms developed by residents, and changes in the tenure mix.

There will be plenty of time programmed-in for discussions, and workshop participants are encouraged to contribute with examples from their own research and experience. It is intended that the workshop will produce recommendations for policy-makers and law reform bodies.
